

CONDAIR - the new name for JS Humidifiers

Having been a member of the Condair Group for three years, we are pleased to announce that as of the 15th October, JS Humidifiers has changed its name to Condair plc.

The Condair Group is the world's leading manufacturer and supplier of humidification and evaporative cooling equipment. Over the last three years, JS has become an active and valued part of the Condair group, offering the Condair range to our customers and manufacturing products, at our facility in West Sussex, for distribution throughout the international Condair organisation.

We now feel the time is right for us to take on the global brand of Condair. This will allow us to streamline our local and international operations, which will benefit all of our customers.

For over 30 years, as JS Humidifiers, we have delivered the very best solutions for our customers' humidification requirements. Now under the name of Condair our mission is and always will be to continue to provide the very highest level of technical expertise and customer satisfaction.

Yours sincerely

Tim Scott,
Head of Sales,
Condair plc - the new name for JS Humidifiers

Humidification and Evaporative Cooling

The new name for JS Humidifiers

As Condair, we offer you the same and more....

...the same expertise

The same extensive knowledge and application expertise our UK customers have trusted for over 30 years

...the same comprehensive service

The same complete service: humidifier advice, design, manufacture, supply, installation, planned maintenance, training and spares support

...and much more

As a member of the world's leading humidification and evaporative cooling company, we now offer the widest range of quality, world-class humidifiers, supported by the resources and security that only a market leader can provide.

As Condair, we offer you more!

- Condair sales office
- Manufacturing & R/D centre
